Reference

Dear Mr. Ward,

In the preparation of the first entry report for the Motor Vessel "BISHOPDALE" which is a sister ship to the M.V. "BRITISH TRIUMPH" except for Owners' minor requirements, it transpires that the lengths of the erections reported in the latter case have not been correctly given in accordance with Circular No. 1551. These should be:-

Forecastle	46.2'
Bridge	42.5'
Poop	105.4'

I gather from a telegram I had yesterday on another matter that the new Register Book is now going to Press, and it will doubtless be preferred that any corrections should be made before this takes place.

I am writing this to you privately, but feel that it should be done officially. Perhaps you will advise me as to which you prefer.

With kind regards,

Yours sincerely,

R. J. L. Ward, Esq.,
LONDON.

L.R. Edgar
