17th December, 1936.

Dear Sir,

3.

With reference to previous correspondence between us and to our telephone conversation this morning respecting the new motor Tanker "BRITISH TRIUMPH", I have to acquaint you that the Surveyors here are awaiting your confirmatory letter before endorsing this case.

In the meantime, however, the classification certificates have not been withheld, and were transmitted direct to the Owners this afternoon.

I await your advice as to whether a photographic copy thereof is desired by the Builders.

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,
GLASGOW.
