28th February, 1927.

Dear Sirs,

I am in receipt of your freeboard verification of marking form for the M.S. "CABO PALOS", stating that the freeboards have been correctly marked on the vessel's sides, and I now send herewith freeboard certificate in triplicate.

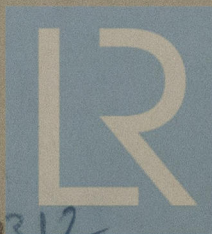

At the same time I have to state that the draught given by you would appear to be the moulded draught, and that the extreme draught should be  $25' - 6\frac{1}{4}"$ , but I shall be glad if you will verify this, and also reply to the points raised in my letter of the 21st December 1926.

I am, Dear Sirs,

Yours faithfully,

Secretary.
