

BOARD REPORT on the S.S. "Fayken"

It is submitted the timber deck cargo subboards which could be assigned to the above vessel be called to the Gothenburg Office. The subboard certificate respics together with two photostat copies of the computation for timber deck cargo subboards should be forwarded to the Gothenburg Office. The certificate respics should be issued when Mr. Bulow is satisfied that the vessel complies fully with the Convention requirements for the carriage of timber deck cargo & when the subboards have been marked and verified. A supplementary^{ca} report giving full particulars of the timber deck cargo arrangements should be forwarded with the verification of marking forms, and particulars of the dates inserted on the certificate.
