LLOYD'S REGISTER  
Recd. 14 APR 1924

12th April 1924.

Ans'd.

LONDON

Dear Sir,

In reply to Classing letter of the 8th inst.,  
regarding First Entry Report No. 77717 on the s.s. "JAMESON",  
we beg to state that the size of the forecastle deck beams were  
arrived at by interpolation between columns 1, 2 and 3 of Table  
12, having regard to the reduced span of the beams at this part.

It will be observed from the enclosed sketch that  
the beams are also supported by additional pillaring.

We are, Dear Sir,

Yours faithfully,

*Aled. Munro*  
*R. Langlands.*

The Secretary,

LONDON.
