Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

28th May, 1935.

Dear Sirs,

I duly received Mr. Jonker's letter of the 23rd instant respecting the survey held by him in January last on the steamer "JOYOUS", and due note has been taken of the items which he is now prepared to recommend for acceptance as part of the Special Survey No. 1, and the Owners have been advised accordingly.

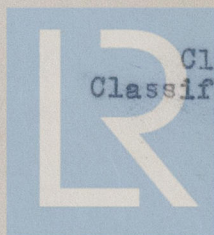

In view of this letter, and of your previous communications of the 29th ultimo, 13th instant and 16th instant, it is considered desirable that you should furnish an amended report (Amsterdam No. 13355 a and b), embodying all the items you have now recommended to be credited as part of the Special Survey in question, so that there may be no doubt about the matter when referring to your report in future.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

AMSTERDAM.

Clerk to the
Classification Committee.
