

s.s. "JAMESON".

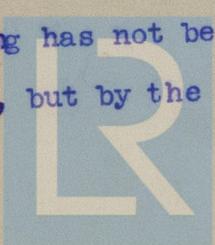

-----

IT IS SUBMITTED the Gothenburg Surveyors be informed the remarks contained in their letter regarding the Gotaverken Exhaust Turbo-Compressor intended for this vessel are noted and that in the circumstances described, the turbo-compressor will be accepted in this instance.

*[Handwritten signatures]*  
24.12.34.

Note.

As this turbo compressor is urgently required, Messrs. A.B. Gotaverken have forwarded to Rotterdam one of their turbines in stock. This turbo compressor has been built under the Society's survey and all the requisite requirements, including the racing tests, have been complied with, except that the casing has not been examined and tested by the Society's Surveyors, but by the Norske Veritas Surveyor as per attached report.
