ENCLOSURE.

26th September, 1932.

Dear Sirs,

With reference to my letter of the 24th instant relative to the Convention freeboard survey of the steamer "SEA VENTURE", I have to acquaint you I received a telegram from the Owners this morning intimating that they desire to retain the existing freeboards in this case, and in confirmation of our conversation over the telephone I enclose herewith the assignment letter in respect of this ship.

I await the receipt of your reply as to whether the shifting boards closing the openings at the after end of the bridge are fitted for the full height of the opening, and on receipt of this information Convention certificates will be prepared and forwarded to you for issue when the survey is completed.

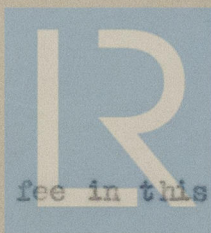

I am, Dear Sirs,

Yours faithfully

The Surveyors,

GRIMSBY.

P.S. I have to add that the fee in this case has already been paid.
