The Secretary,

Lloyd's Register of Shipping.

Sir,

Wreck S.S. " WAIKOUAITI ". No. 36303 in Register.

I have to advise that the above vessel was abandoned and declared a total loss after having struck Dog Island in the Foveaux Strait on the 28th, November last. As no request was made to me for a survey and not having sighted the vessel, I asked the local Branch Manager for the Owners, for an Official notification. The attached letter from the Owners has now come to hand, which is forwarded for the Society's information and records.

The Classification Certificates covering the Second Special Survey No. 3 have just been received, and are being returned with this letter.

I am, Sir,

Yours obediently,

*E. W. Martin*  
Surveyor to Lloyd's Register.
