LLOYDS REGISTER OF SHIPPING,

LONDON.

6th January, 1931.

To the Secretary of the Commission  
for the assignment of minimum freeboard.

With reference to the application which has been  
made for a Dutch Freeboard Certificate for the.....  
motor tanker.... "SLIEDRECHT"

we beg to report to your Commission that, according to  
our calculations and in conformity with Dutch Shipping  
Law and the Rules of the International Loadline Convention  
1930, the following freeboard should be assigned:

Summer freeboard in sea water .....	1.75m.
Reduction for tropical seas .....	14 cm.
Increase for Winter navigation .....	14 cm.
Increase for Winter navigation in North Atlantic .....	24 cm.
Reduction for Fresh Water for all freeboards .....	16 cm.

The freeboard must be measured from a line  
situated ....level with the top of the steel upper deck  
at side...

The mentioned calculations are to be sent to you  
within a fortnight.
