Reference

Dear Sir,

I am in receipt of your classing letter of the 3rd instant regarding the first entry report on the steamer "DAGHESTAN" and beg to state that the spacing in seams of shell plating in way of oil was $3\frac{1}{2}$ " for $\frac{7}{8}$ " rivets and $3\frac{1}{2}$ " for 1" rivets.

In my opinion the record of "pt.cem" should be made in the Register Book.

I am, Dear Sir,

Yours faithfully,

J. C. Ashland

The Secretary,

LONDON.

It is intended no breaking of no shell plating seams in way of oil is as required but
Surveyors should be requested to state if this is so. They should also be requested to state if

referred to the Chief Ship Surveyor.
