

Lloyd's Register of Shipping,

Collingwood Buildings, Newcastle-on-Tyne.

LLOYD'S REGISTER
RECEIVED 7th April 1932.
8 APR 1932
Anod. 9
LONDON

Dear Sir,

With reference to the Freeboard Report on the steamer "DAGHESTAN", No. 88348, forwarded today, the Owners state that they wish an assignment to be made without the addition of a forecastle. They are agreeable to fitting steel covers to the three small hatchways on each side which give access to the tween decks side spaces forward (this compartment is not a summer tank), if by doing so an increase in draught will be obtained.

I am, Dear Sir,

Yours faithfully,

A. H. Lowden

The Secretary,
LONDON.

Referred to the Chief Ship Surveyor.
(Freeboard).

8 APR 1932

W.H.

W.H.

Yours faithfully

W.H.

Enclosed

It is noted as an increase in weight will be
tolerated (this compartment is not a main compartment)
which will allow access to the lower deck edge spaces
between the three small partitions on each side
of the lower deck. They are also to be fitted with
an arrangement to be made without the addition of
tolerated weight. The owner states that they wish
to fit on the upper "main" compartment.

With reference to the lower deck
