# Lloyd's Register of Shipping.

Port of ANTWERP,

1st February 1940

**This is to Certify that I have**

*Surveyed the S.S. "SLIET ANNALEND", of Rotterdam, 243 tons gross, whilst lying afloat at Ostend after alleged loss of two bower anchors and four lengths of anchor chain cable on the 15th and 16th January 1940,*

*and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report, stating that all repairs recommended by me have been completed to my satisfaction, and*

*that I have **Recommended** that she be continued as classed in the Society's Register Book, without fresh record of survey, subject to one length of chain cable and a bower anchor now placed on board being verified with the test certificates and to another bower anchor and three lengths of anchor chain cable being placed on board at the first convenient opportunity, to complete being fit to carry dry and perishable cargoes.*

*Geo. A. Lang*

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
