To the Surveyors at NEWCASTLE-ON-TYNE.

"SHEAF CREST".

27TH October, 1933.

The Owners inform us that this vessel is committed to one further trip to the Baltic, leaving the Tyne or Wear about 3rd proximo and returning about 10th proximo, when the completion of the Special Survey No. 2 would be put in hand, and they trust that this arrangement will be satisfactory to the Committee.

The attention of the Owners has been drawn to the expiry date of the Freeboard Certificate, and they ask that some arrangement might be made to extend the validity of this document to allow of the proposed Baltic trip.

We should be glad to receive your instructions in the matter as early as possible.
