High Close,

Wokingham, Berks.

15th December, 1939.

Dear Sirs,

H.

With reference to the classification in the Society's Register Book of the motorship "SERENITY", I beg to acquaint you that the Committee have had before them at their meeting today the case of this vessel as regards the Modified Survey of the Oil Engines which became due at the end of June last.

It is understood from the Society's Surveyors that while you cannot yet state when this inspection will be carried out you are doing your best to lay the vessel up at the very earliest opportunity, and I may say that in the circumstances the further consideration of the matter has been deferred for a short time.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.
