

M. V. "HILDA"

cast iron propeller
tail shaft

Main Engines.

cylinder cover complete with valves, seats, springs, etc.
starting valves complete
exhaust valves complete. 2 exhaust valve seats.
induction valves complete
safety valve complete.
fuel valves complete. 3 fuel valve stems.
piston complete with rings, studs, etc.
sets piston rings
pairs telescope pipes for piston cooling
pair main bearing bushes
main bearing studs and nuts
pair crank pin brasses
bottom end bolts and nuts
top end brasses
top end bolts and nuts
set coupling bolts for crank shaft
set coupling bolts for interm. shaft
pads for thrust block
set of working parts for fuel pumps.
piston rod

Main compressor.

pair main bearing bushes
main bearing bolts and nuts
pair crank pin brasses
bottom end bolts & nuts
gudgeon pin bush
complete set of piston rings - 3rd stage to all
set of suction and delivery valves
safety valve spring for each stage
complete coil for 3rd stage cooler.

Main Bilge Pumps.

set of suction and delivery valves.

Auxiliary Diesel Engines.

exhaust valves complete with springs, seats, etc.
~~cylinder and cover~~
fuel valves complete
fuel valve stems
induction valves
safety valve
starting valve
crank pin brasses
bottom end bolts & nuts
gudgeon pin
" " bush
main bearing bushes
" " bolts & nuts
piston complete with rings. 4 sets of piston rings.
set of working parts for fuel pump.

Auxiliary engine compressors.

bottom end bolts & nuts
complete set of suction & delivery valves
cooling coil for 3rd stage cooler
set of piston rings complete

Pumps.

set of valves for ballast pump
" " " " bilge "
Donkey boiler safety valve springs.
