Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

23rd August, 1939.

Dear Sirs,

S.

I am in receipt of your letter of the 10th instant respecting the Steamer "SALMA", and note your remarks.

In reply, I may say that the electrical installation will require to be examined in accordance with the Rules and I shall be glad if you will arrange for this matter to receive attention in due course and for the following details to be forwarded:-

- (a) The size (Kw.) and voltage of the dynamo.
- (b) A plan or sketch showing the circuits supplied giving details of the cables - loadings and cross sectional areas, number of lights supplied, etc.,
- (c) Particulars of the switchboard showing switchgear, fuses and instruments, etc.
- (d) Position of generator compartment.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
HELSINGFORS.
