21st January, 1925.

Enclosure.

Dear Sirs,

S. With Reference to Newcastle First Entry Report No. 78729 on the Steamer "CITY OF MANDALAY", I forward herewith a sketch of solid and bracket floors and have to request that Mr. Shute will be good enough to indicate thereon the correct position of the intercostal, stiffeners on floors, and arrangement of manholes, in accordance with the vessel as built, and return the sketch in course of post so that the First Entry certificate may be prepared.

On this point I have to call special attention to the requirement named at the top of the fourth page of the First Entry Report form that plans showing the vessel as built should be forwarded, and to remind you that in all future cases plans of the vessel as built must accompany the First Entry report.

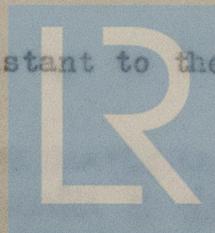

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

NEWCASTLE-ON-TYNE.

Assistant to the Secretary.
