27th April, 1915.

Dear Mr. Barrie,

In the absence of Mr. Mares I have opened your letter of the 26th instant respecting the S.S. "DEN OF EWNIE", and have pleasure in stating that in accordance with your wishes an amended freeboard has been assigned to this vessel giving an increased draught of 1'-6 $\frac{1}{2}$ ". The Society's Surveyors at Swansea are being advised.

The usual letter giving particulars of the new freeboards is being sent to you officially today, subject to the conditions already intimated.

Yours faithfully,

A. Chisholm
