Chief Ship Surveyor

Received from Chief Ship Surveyor

30.12.21

NAME Steel S.S. "PODESTA". Rpt. P.Sd. No.1436

Remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

Survey

Some particulars of the test marks on the anchors and chain cables were forwarded by the Constantinople Surveyor in October 1920 and as these are incomplete it is submitted the Port Said Surveyor be requested to forward particulars of the bower anchors together with certificates of test, if any; if no certificates are available the test marks on each anchor should be stated.

It is also submitted the Superintendents of the Proving Establishments should be requested to forward particulars of the following certificates :-

Cradley Heath - No.11885

Cardiff - Nos.12745 and 14145

The above information is required to enable the equipment to be considered.
