Dear Sir,

Alterations in the Passenger Accommodation in the above vessel have recently been made and the Tonnage of the vessel has been accordingly increased and is now as follows.

Gross Tonnage 4305.35 Tons

Nett Tonnage 2322.98 Tons

A handwritten signature in dark ink, appearing to read "E.C. Foster".

As the particulars of Gross Tonnage appear on the Loadline Certificates you will probably have to amend these Certificates.

Yours faithfully,

A handwritten signature in dark ink, appearing to read "E.C. Foster".
