The Secretary,

LONDON.

Dear Sir,

In reply to your letter of the 17th instant regarding the modification to the Winter Marking from "W" to "G", we wish to state that this had been noted and the certificates duly corrected before issue.

The gross tonnage of the "MUNSTER" given in the Register Book as 4320 and reported as such on the verification of marking should have been 4302. This was also corrected on the Certificate before issue.

We are, Dear Sir,

Yours faithfully,

The Surveyers.
