Dear Sirs,

m.s. "MALINI".

Referring to your letter of 21st March a.c. to our Office at Bangkok and their reply of 5th inst. we beg to inform you that the underwriters have not yet definitely given up every hope of being able to salve the vessel and are waiting a reply from Japanese salvors who have shown an interest in the vessel.

We presume that the final decision will be taken very shortly and consequently beg to propose that the question of expunging the vessel from the society's Register Book be kept in abeyance until then.

We shall not fail to inform you as soon as a decision has been arrived at.

Yours faithfully,
