Copenhagen 27th April 25.

A/S. Naksøev Skibsværft,
Naksøev.

Dear Sirs,

Newbuilding No. 24 ("Malini").

In reply to your letter of the 23rd instant respecting the freeboard of the above newbuilding we request you to place the question before British Lloyd in London, stating that the sister vessels, which have also been built to their class, have scuppers placed in the tween deck.

The two vessels in question having been built at Hongkong under the supervision of our Bangkok Office, we are unable to inform you of the negotiations with Lloyd's in the matter.

We should be pleased to hear from you again.

Sgd. Det Østasiatiske Kompagni

Juel Brockdorff.
