From Sunderland letter of 26th February, 1919, it appears that the above Vessel was transferred to British India S.N.Co., before completion, in which case it is submitted that the Sunderland Surveyors be requested to forward the following information:-

- (1) Whether Special Specification duties were carried out on the hull of this vessel after the date of transfer, and if not:-
- (2) The percentage of work completed on the hull up to the date of transfer.

The Sunderland Surveyors be informed that, if Specification duties were not carried out to the completion of the vessel, the fees charged to the Builders are in error and that corrected fees will be advised later.
