Reference

Dear Sir,

In reply to enquiry contained in classing letter of the 23rd instant, with regard to First Entry Report No. 15,794 "ANTINEA", I beg to state that the bottom was cemented, and the dry tank under boilers was not tested, but flooded for shell test. The length of the dry tank is 13'- 6".

I regret that the information was not given on my First Entry report.

I am, Dear Sir,

Yours faithfully,

M. Anderson

The Secretary,
LONDON.
