SHANGHAI, Report No. 4092.

dated 23rd Sept., 1936.

M. V. "NORA MAERSK"

Damage due to Fire, Flooding & Beaching, Zamboanga, July, 1936.  
Specification of repairs required to put the vessel in the same  
condition as before the damage occurred.

**Note!** In order that descriptions may agree with those of  
Contractors and other Surveyors the terms Main Deck  
& Upper Deck are taken to mean Second Deck & Shelter  
Deck respectively.

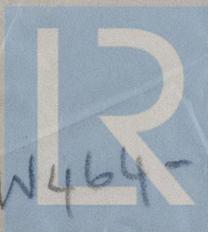

Where parts are completely destroyed, e.g. furnishings,  
fittings, instruments etc., translations of extracts  
from the builder's specifications are quoted.

The sequence of items and numbering of pages is kept  
the same as specifications in possession of the Owners'  
& Underwriters' Representatives and Contractors.

The specification includes, as far as possible, removals  
necessary to effect repairs and renewals.

*As there are deviations from  
original specifications Owners are  
arranging with underwriters, it is understood.*
