

FREEBOARD REPORT on the motorship "NORA MAERSK"

It is submitted the Freeboards given on the accompanying form, being those required by the Tables, merit approval, the same to be marked on the vessel's sides, inserted in the certificate of classification, and recorded in the Register Book.

The usual assignment letters should be issued, and in addition a copy of the freeboard report (and assignment letter) should be sent to the Copenhagen Surveyors for submission to the Danish Authorities, and one copy of the midship section, general arrangement and curves should also be sent for transmission to them. The second set of plans should be retained in this Office for record.

The Surveyors should advise this Office if the freeboard certificates will be issued direct by the Danish Authorities (this being a new ship within the meaning of the Convention), or if the certificate form in English should be issued to the Owners to enable them to obtain the national certificate.

20th July, 1934.
