

URGENT.

W468-0122

PUMPING ARRANGEMENT Endorsement.

Shipbuilders: Messrs. 3/5 DORIC STAR

Yard No.

Engineers: Messrs. additional Oil Fuel Tanks Engine No.

Others: Messrs.

It is submitted that the plans of additional oil fuel  
Pumping Arrangement in the machinery space & No 6 Hold  
merits approval, provided the arrangements be as  
shown and amended on the plans and the remaining  
requirements of Sections 20 and 34 of the Rules (1933-4)  
be complied with so far as they are applicable.

It is noted that the oil fuel bunkers overflow to  
the cofferdam in the double bottom situated between  
floors nos 82 & 84, and in view of the small  
capacity of this compartment, it is suggested  
that an alarm device should be fitted to the  
final overflow pipe leading to the cofferdam.
