

S.S. "DORIC STAR". Owners:- The Blue Star Line.  
-----

A proposal to fit a Maier form bow, involving an increase to the length on the load water line of 18 feet, was dealt with on the 6th instant.

Five plans, in <sup>triplicate</sup> duplicate, shewing the detailed alterations to the vessel for this proposal are now forwarded by the Newcastle Surveyors.

The plans have been discussed in this Office with Mr. Champness, representing Messrs. Palmers Hebburn Co.Ltd., who are to carry out the work.

The Builders stated that chilled meat would be hung from the third deck beams in No. 1 hold, but after consultation with the Owners Mr. Champness stated that this would not be done.

It is submitted that provided the arrangements be carried out as shewn and amended on the plans and to the Surveyors' satisfaction, the same will merit approval.

It is noted that plans shewing the proposal to fill in the forward and after wells will be submitted later.
