9th October, 1936.

Dear Sirs,

R.

With reference to the steamer "ANTONIO S VRONDISIS" which is reported to have been refloated and taken to Archangel after sustaining serious damage through stranding near Kem, White Sea, on the 6th August last, I am directed to say that the Committee will be much obliged if you will kindly favour them with the latest information which you have received as to the extent of damage, etc., and if you will be so good as to say also what course it is intended to pursue as regards the repair of the vessel.

The question of making a record of the circumstances against the vessel's name in this Society's Register Book will shortly come under the Committee's notice, and it is the practice in cases where it is thought necessary to make such a notation, to expunge at the same time the vessel's class from the Register Book. I shall be glad if you will kindly apprise me, for the Committee's information, of your views on this point.

I am, Dear Sirs,

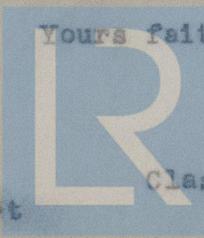

Yours faithfully,

Messrs. S. G. Embricos, Ltd.,

Cunard House,

88, Leadenhall Street

E.C.3.

25th October, 1904.

Dear Sir,

I am referring to the steamer "ANTONIA FRONZONI"

which in respect of her name has been reflected and taken in the Register.

After consulting with our agents regarding her name,

and on the 25th instant, I was directed to write you

to inform you that I had advised if you will kindly favour

me with the name which you have received as the

correct name of the vessel, you will be so good as to send

me what course you intend to pursue in regard to the name

of the vessel.

The question of the name of the vessel is of the utmost

importance and the Register's name book will

be a guide to the world, and it is the

policy of the Register to insert in such cases

the name of the vessel as it appears in the Register's

name book. I shall be glad if you will kindly advise

me of the Committee's information of your views on this

I am, Dear Sir,

Yours faithfully,

Secretary to the
Classification Committee.
