

Messrs Workman Clark & Co No 35-6

J.S.S Port Bowen

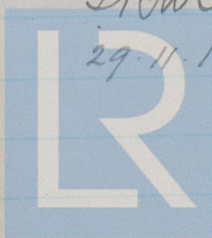

It is submitted the Surveyors be requested to inform the Builders in reply to their enquiry that if the Soudage opening is closed and the requirements of Circular 1292 are complied, an increased draught above that provisionally given as a Soudage opening vessel. Shelter deck steamer can be assigned as cargo.

The Owners have intimated to this office that they desire the increased draught consequent upon the alterations indicated, to be limited to nine inches.
