11th October, 1929.

Dear Sirs,

I have to acknowledge the receipt of Mr. Roli's letter of the 7th instant respecting the equipment of the motorship "SHOLM", and in reply to your enquiry I have to state that the present erection of poop, bridge and forecastle, together with the new flensing erection in the forward well, it is found that there will be no change in the equipment, due to the vessel having at a previous date been transferred from the Ship to the Steamer Register.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Surveyors,

OSLO.
