13th November 1924.

Dear Sirs,

I have to acknowledge the receipt of your telegram of today, from Sandefjord, reading as follows:-

"GROSHOLM referring to plan of new double bottom
"Owner desires fit same for oil fuel cable whether
"single riveting of tank top may be approved",

and to point out that plans shewing a proposal to fit tanks in the forward and after holds of this vessel, with a view to the carriage of oil fuel having a flash point above 150°F., were approved in my letter of the 20th March last, but no plan of new double bottom has yet been received, and I have therefore wired you this afternoon as follows:-

GROSHOLM
EBYXAEVROZ = referring to your cable of today
ECVOFEBZAZ = and referring to my letter of
EZWITDELXI = 20th March plans not yet received
NEW
AWSOT = double bottom.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
CHRISTIANIA.
