

REEBOARD REPORT on the

S. S. LINDENBANK

Bristol

It is submitted the ~~assumed~~ surveyors be informed that it has been assumed the machinery casings given on their report are those on the superstructure deck & they should state, for record purposes, the scantlings & particulars of doors, if any, of the machinery casings in the shelter tween decks. They should also give particulars of the doors giving access to the crew's entrance house on the poop deck.
