1st July, 1935.

Dear Sirs,

With reference to your letter of the 24th ultimo, respecting the steamer "OINOUSSIOS", I think it well to explain that arrangements require to be made for the damaged anchor (now stated to be on board as a spare) to be replaced by a new bower anchor of proper weight and test, and I shall be glad to learn what arrangements the Owners propose making for this to be done.

Your remarks regarding the donkey boiler have been duly noted.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.
