Reference

Dear Sir,

With reference to your letters of the 18th May and 8th June returning approved plans of shafting arrangement and shafting details for Messrs. Deutsche Werft's Yard Nos. 201/204, I have to advise you that the Builders have in the meantime decided to increase the length of the intermediate shaft to the extent of 300 mm in order to suit the modified position of the main engine. Duplicate copies of revised plans of shafting arrangements and shafting details are being submitted to you under separate cover for the approval of the Committee.

I am, Dear Sir,

Yours faithfully,

for A. Chisholm:

The Secretary,  
London.
