Enclosure.

15th January, 1937.

Dear Sir,

E. I am in receipt of your letter of the 13th instant, respecting the La Mont donkey boilers to be constructed by Messrs. Deutsche Werft for their Yard Nos. 198-205, and I have to inform you that no objection will be taken to the proposal to use, in this instance, steel having an ultimate tensile strength of 50-60 Kgs. per square mm., with a minimum elongation of 18% for the headers of these boilers.

It is concluded that plans of the boilers will be submitted in due course.

I confirm my cablegram to you to-day in the matter as per copy enclosed.

I am, Dear Sir,

Yours faithfully,

A. Chisholm, Esq.,
HAMBURG.

Secretary.
