Lloyd's Register of Shipping,

3, Steinhoeft,

Hamburg, 9th Febr. 1937.

Reference

Dear Sir,

Dear

With reference to your letter of the 22nd ultimo returning approved plans of midship section for Messrs. Deutsche Werft's Yard Nos. 201-204, and the requirement contained therein that the Owners' consent should be obtained to the proposed electric welding of the butts of the keel plate I am today in receipt of a letter from the Builders stating that it is now intended to connect the butts of the keel plates by means of double butt straps and not by electric welding as previously proposed.

I am, Dear Sir,

Yours faithfully

A. Christensen

The Secretary,

LONDON
