

16 DEC 1935

s.s. "COIMBRA"
At present lying at Lisbon

In July last the Bilbao Surveyors reported this vessel placed in dry dock, and among other items some patches were fitted in Nos. 3,5 & 7 tanks, and in the summer tanks. After completion of the work the tanks were tested and found satisfactory.

A letter has now been received from the Lisbon Surveyor stating he has been informed officially by the Owners' Superintendents (Vacuum Oil Company) in New York, that the vessel has been condemned and will be broken up as the repairs carried out at Bilbao have not remedied the defects in the cargo space which is in a bad condition.

It is to be observed that the 2nd S.S.No.2 becomes due in February next.

In these circumstances it is submitted that the record "To be broken up" be posted in the Register Book.
