Dear Sir,

Further to my letter of the 20th instant respecting Freeboard report on the above named vessel, I have to acquaint you that I have today been informed by the Local Vacuum Oil Company Agency that the previous arrangements have been altered.

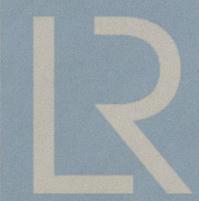

The position is now that the vessel makes voyages Lisbon-Constanza-Lisbon, Lisbon-Constanza-Casa Blanca and thence proceeds to Alexandria for Dry Docking and Special Survey.

This document is a handwritten letter from C. L. B. to the Secretary of State regarding the Japanese fleet's entry into the Pacific Ocean. The letter discusses the Japanese fleet's recent arrival in the Pacific and its impact on the balance of power in the region. It also mentions the Japanese government's recent statement that it would not interfere in the Chinese civil war. The letter concludes with a request for further information on the Japanese fleet's movements.

The document is dated 2 AUG 1932 and is signed by C. L. B. It is addressed to the Secretary of State and includes a postscript from the Japanese Ambassador in Washington, D.C.

The letter is written in cursive ink on a light-colored background. The handwriting is clear and legible, though some words are written in all caps. The postscript is written in a smaller, more formal hand.

The letter is a valuable historical document, providing insight into the complex political and military situation in East Asia during the early 1930s.

I leave to see what I have done before I go to present  
myself to the Queen at the Court of France.

DEAR SIR,
