Freeboard - s.s. "Wandsworth Works"

Malcolm McLaren,
Lloyd's Surveyor,
Istanbul.

Dear Sir:-

On April 19th we made application through your goodself
the Secretary of Lloyd's Register for remeasurement and reassignment
Freeboard on the s.s. "Wandsworth Works". It was our intention to
have the ship remeasured at Istanbul, but we have now received advice
from New York that this vessel will be laid up at Lisbon early July,
and that the work will be done at that port. We therefore kindly
request you to communicate with your Lisbon Colleague on the subject.

Yours very truly,
STANDARD OIL COMPANY OF NEW YORK

General Manager.
