

SS. "Kinghorn"
Machinery Fees.

The machinery of this vessel consists of two steam engines geared to 1 screw shaft & 3 watertube boilers, and was originally ordered by the Ministry of Shipping for an N1 type standard vessel.

In February last the Ministry of Shipping stepped forward to say that the Ministry would be responsible for the payment of the whole of the machinery fees for the vessel.

Total fees chargeable for the survey of the hull & machinery on the agreed scale of 1/4 per gross ton = 6505 gross tons at 1/4 = £483-13-4
Fees chargeable for machinery only = 2/3 total fees = £144-11-1

It is submitted an account for £144-11-0 be rendered to the Ministry of Shipping for the survey of the machinery during construction & installation on board
