

62391

# Lloyd's Register of Shipping,

71, Fenchurch Street,

London, 21st December, 19 20.

E.C. (3).

**This is to Certify** that

**THOMAS R. BLACKIE,**

the undersigned Surveyor to this Society did at the request of

Messrs. John Kirkaldy Ltd., of Burnt Mill, Essex, attend  
at their works on the 14th December, 1920, for the purpose  
of examining, gauging, and testing two 25 ton cast iron  
vapourators, No. 2690 and 2691, constructed by them to the  
order of the Admiralty, and intended for vessel of the "N.I."  
class building by Messrs. Kinghorn & Co. s.s. No. 11.

The above examined and thickness gauged and found  
satisfactory. They were tested by hydraulic pressure, in  
presence as below, and found tight and sound.

Shells to 60 lbs. per sq. inch.

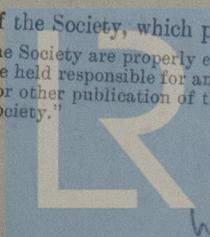

Coils and stand pipes to 450 lbs. per sq. inch.

For identification stamped:- pressure test - date - *TRB*

*Thomas R. Blackie*

Surveyor to Lloyd's Register of Shipping.

is issued upon the terms of the Rules and Regulations of the Society, which provide that :-  
The Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood  
that neither the Society nor the Surveyors are under any circumstances whatever to be held responsible for any inaccuracy in any report or  
publication of the Society, or for any error of  
negligence of the Surveyors, or other Officers or Agents of the Society.
