2nd February, 1929.

Dear Mr. Scott,

In reply to your letter of the 1st instant respecting the survey in the case of the s.s. "INCHDAIRNIE" may state that this vessel is not due for a Special Survey it upon request of the Owners we have passed bottom andudder in drydock and tested double bottom tanks and fore and aft peak tanks.

The machinery has been surveyed and the boilers but to complete the survey it has been requested open up the steering engine, to overhaul the windlass and test all the machinery under steam, so that we are awaiting that this is being done before reporting upon it.

I am, Dear Sir,

Yours faithfully,

(C.R. Crammings)

Scott, Esq.,
