Divers Report -

I ,Ernest Cordeiro, Chief diver of Empresa dos Armazens da Doka, do hereby declare that with skilled assistance I have examined the bottom of the s.s." Inchdairnie",now at this port afloat, fore and after and that I have found the following damage :

Forward port side one plate above turn of keel three rivets out and eight more partly sheared and slack -

This damage was all in the same locality and would be somewhere below the fore peak and N°1 Tank -
