Lloyd's Register of Shipping.

Port Singapore

21st May, 1935

This is to Certify that I have

Surveyed the Steel Screw Steamer "AMALTHUS", 5834 tons gross
of LONDON, while in dry dock at this port,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report, stating that all repairs
recommended by me have been completed to my satisfaction, and
that I have Recommended that she be continued as now classed
in the Register Book without fresh record of survey, subject to
the indented bottom plating forward being faired at the next
Special Survey.

being fit to carry Petroleum in bulk. (Homogeneous cargoes
each side of the pump room.)

John Wormald.

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :—

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Committee or any Member thereof, or Surveyors, or other Officers or Agents of the Society."
