

s.s. "HERA".

A Representative of the Owners called this afternoon and stated that they had received a telephone message from Messrs. Robert Elees & Co., their Superintendent Engineers at Newcastle-on-Tyne, asking that a copy of the assignment letter issued on the 25th May, 1932 in respect of this ship might be forwarded to them tonight.

The vessel is at present laid up at Dartmouth, and it is understood that the assignment survey will be completed in the Tyne where she will proceed in tow.
