Greenock, 12/12/12.

Ans 13.12.12

Dear Mr. Innes.

Your letter to hand  
regarding the tonnage of S. S. "Hera".  
I saw the Builders to day & they  
inform me that the under deck tonnage  
of 4196 tons includes the Peak tanks  
also that they estimate the tonnage of  
the space between the inner bottom in E  
& B space & the line of bottom longitud-  
-inals at about 30 tons.

With kindest regards.

Yours Sincerely  
A. W. Innes.
