Low

No. 102132

The Chief Engineer Surveyor are desired on this case for the consideration of the Classing Committee.

Endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also pointing out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points stated in the endorsement. — Extract from Sub-Committee's Report, 24/5/32.

~~DAMAGE~~ & WEAR AND TEAR.

One of H.P. Crank shaft was found cracked. As a temporary repair sand has been filled around the web. Surveyor recommends the aft crank web of H.P. Crank Shaft be examined or renewed before end of 12.35

As submitted the vessel is eligible to remain as classed with out- of Survey Subject as recommended.
